Subject: Cultural Resources Concurrence Request, WK Mining, Proposed P3 Drill Hole, Box Elder County, Utah

Dear Ms. Hunsaker:

The Division of Oil, Gas and Mining anticipates receiving a proposal from WK Mining to conduct exploration operations on private land in the SE $\frac{1}{4}$ SE $\frac{1}{4}$ of Section 9, Township 8 North, Range 19 West Box Elder County, Utah. The access road exists and is shown on the USGS topographic map, and the site of the drill hole was previously disturbed by drilling. The operator intends to twin the previous hole. A copy of a map provided by the operator is included with this letter.

The Division does not have cultural resource information about this site, but because of the previous disturbance, the Division has determined **No Historic Properties** will be affected by this operation. We seek your concurrence with this determination.

Thank you for your assistance. Please call me at 801-538-5261 if you have questions about this request.

Sincerely,

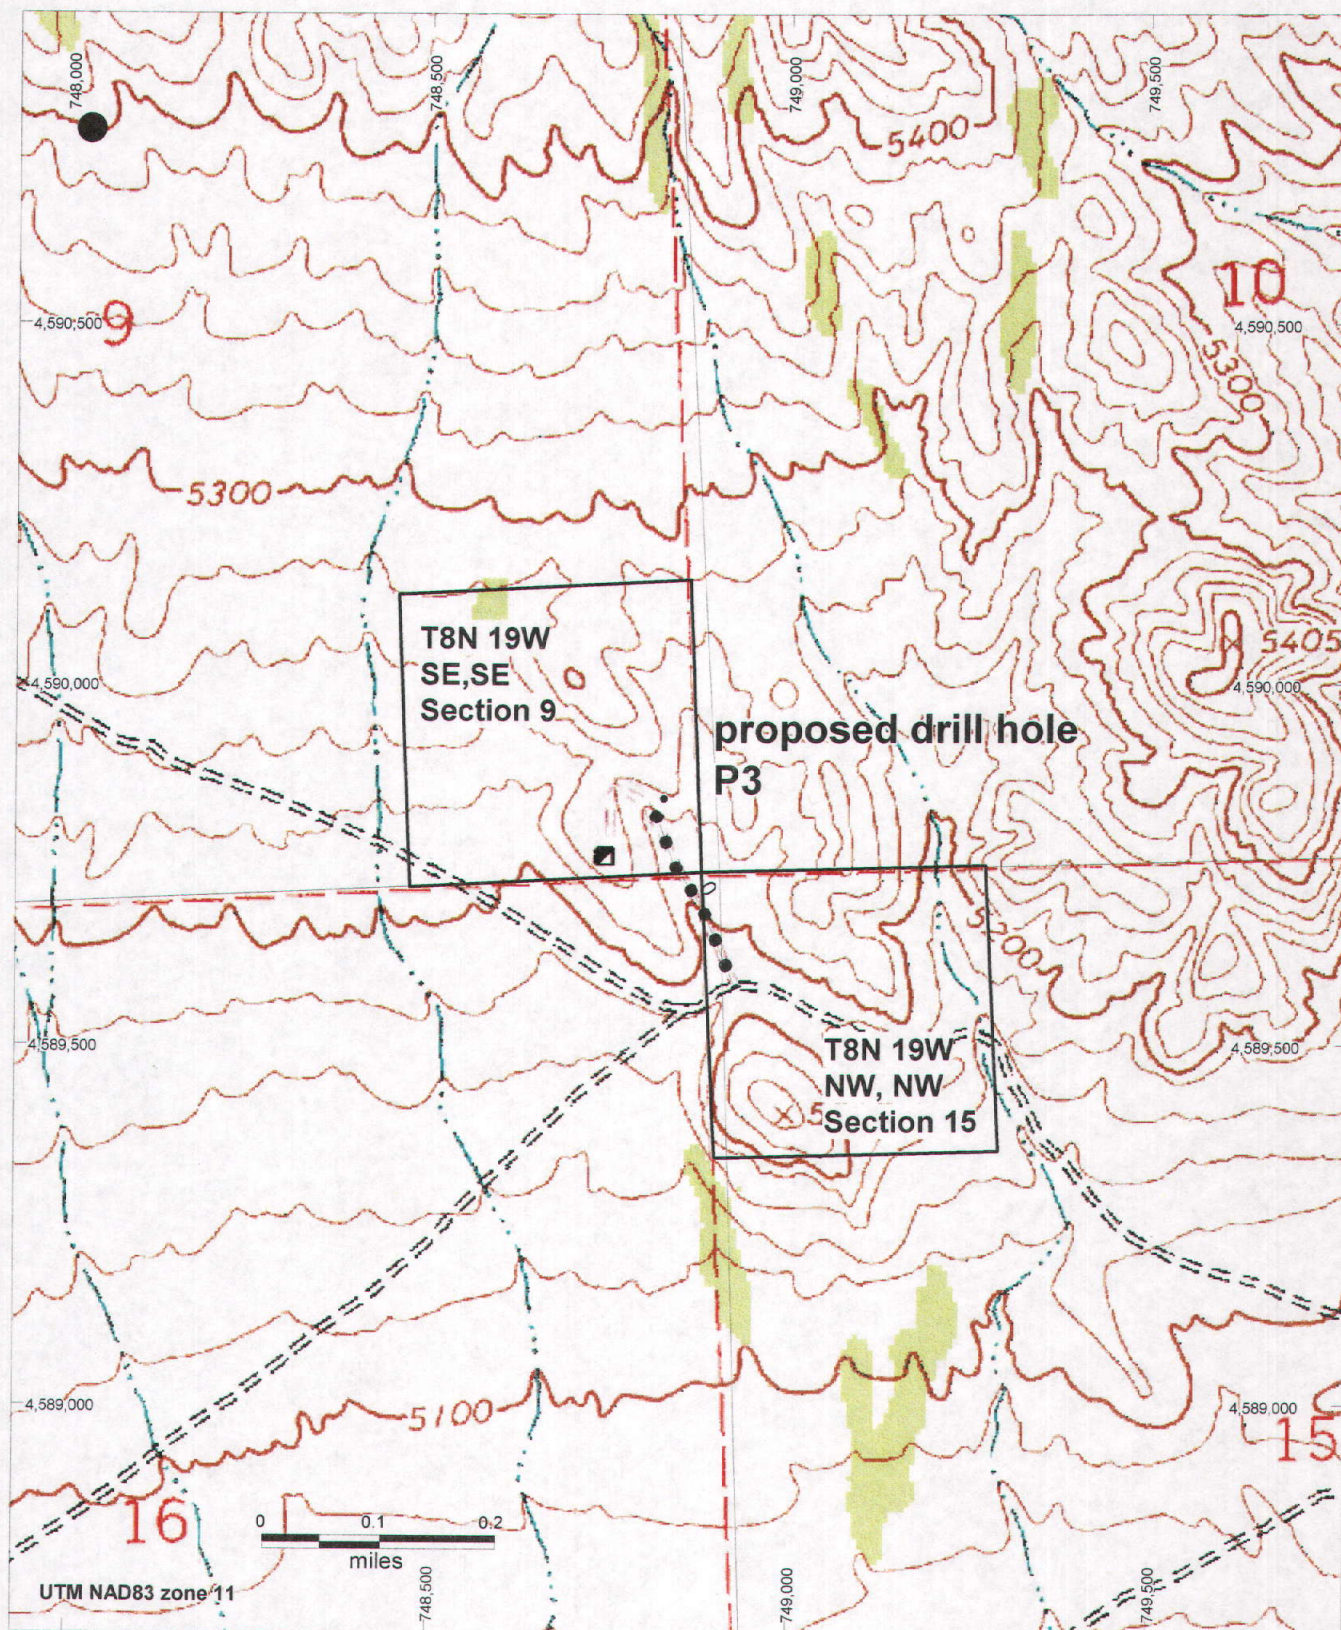

Paul B. Baker
Minerals Program Manager
